

Horizon 800

Packaging Solution

Horizon 800, automatic horizontal Wrapping machine.

- External Diameter of load reel 300mm
- Aluminum ring in unique fusion
- Machine controlled by PLC
- Display Touch Panel color
- multiprogram
- All Motor controlled by Inverter

Horizon 800, Avvolgitore automatico ad asse orizzontale.

- Diametro esterno max di carico bobine 300mm
- Anello in alluminio "fusione unica"
- Controllo macchina da PLC
- Display Touch Panel color
- multiprogram
- Motori controllati da Inverter

Spools film Specification Caratteristica Bobina

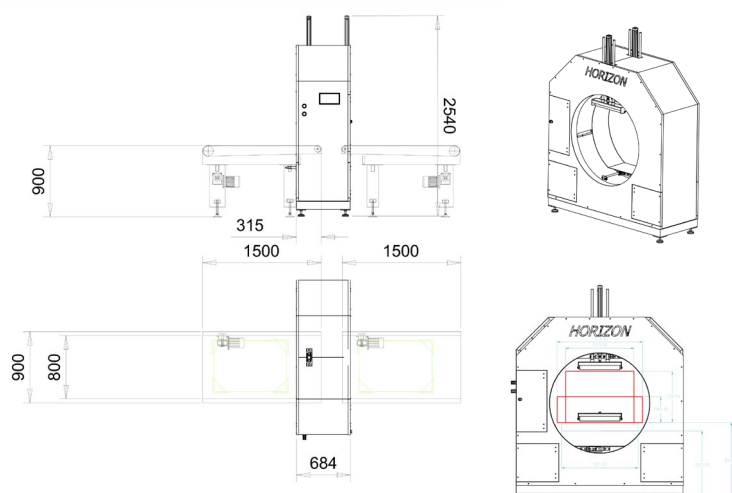

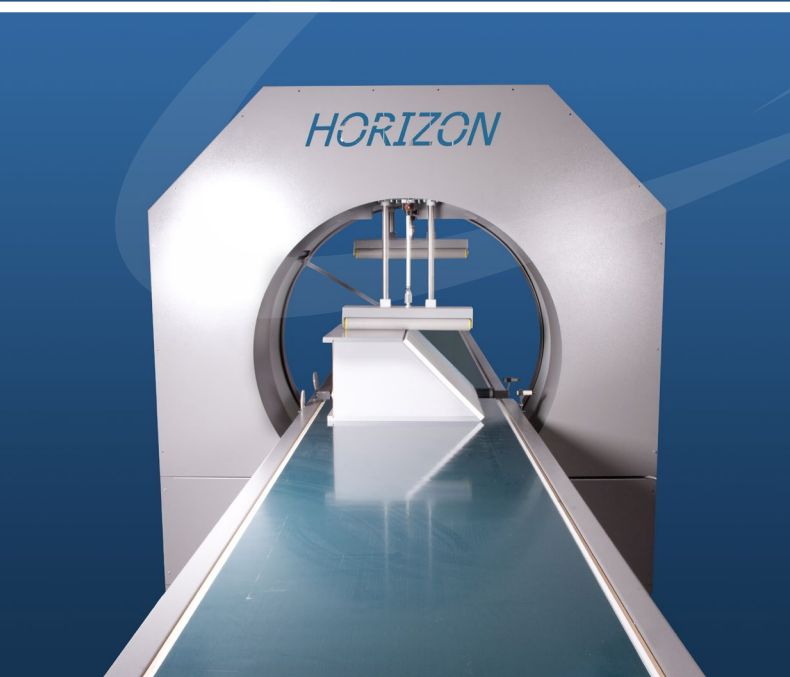

External Diameter	Diametro esterno	250 - 300 (mm)
Height of the Spool Film	Altezza Bobina Film	250 (mm)
Film Thickness	Spessore Film	15 - 30 (micron)
Spool Internal Diameter	Diametro Interno Bobina	76 (mm)
Max weight spool	Peso max Bobina	12 (kg)

Product Technical Data Dati tecnici Prodotto

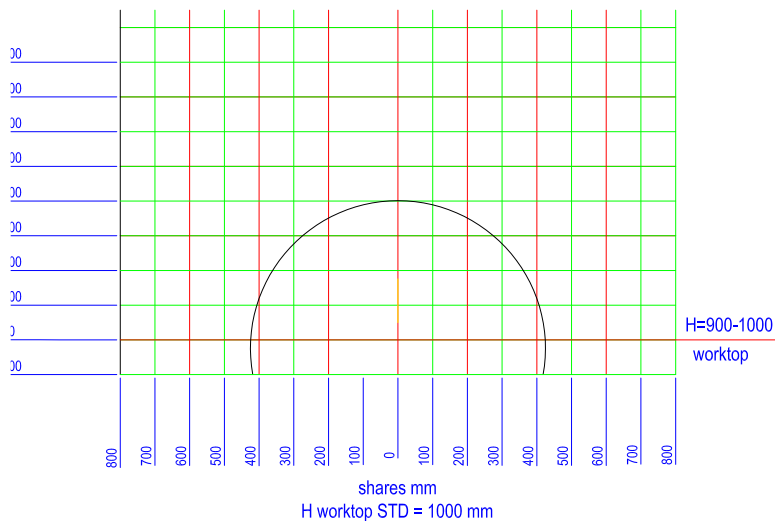

Length Minimum Product	Lunghezza minima	500 (mm)
Length Maximum Product	Lunghezza massimo	∞

Main Technical Data Dati Tecnici principali

Height from Floor Job	Altezza piano lavoro	700 - 1200 (mm)
Speed Tapes Conveyors	Velocità convogliatori	10 - 15 (mt/min)
Ring Internal Diameter	Diametro interno Ralla	800 (mm)
Ring Rotation Speed	Velocità Rotazione anello	80 (Rpm/min)
